Insurance

Working in partnership with HQP

D E Ford Insurance Brokers have been working in partnership with HQP since 2016.

In 2017 D E Ford joined the PIB Group, gaining access to a diverse range of additional services to complement our existing insurance arrangements which includes PIB Risk Management Limited and PIB Employee Benefits Limited.

Our partnership with HQP is aimed at providing significant benefits to hospices.

Our insurance benefits include:

- **Cover**
Consistent protection dealing with the risks hospices face on a day to day basis.
- **Sharing success**
Distribution of profit based on group performance plus individual rebates for hospices with low claims.
- **Cost**
Our partnership with HQP ensures the most competitive premiums and rewards as part of commitment to insurers.
- **Learning from others**
Pooling of risk information so that all participants benefit from group experience.

We are proud of the service we offer HQP clients

D E Ford were introduced to St Helena Hospice through HQP but I have worked with them for many years before that with another hospice. They really understand the hospice sector and are able to put together insurance cover that is needed rather than a generic off the shelf solution. Their on-going support is first class and the turn round response time for queries is always rapid and provides effective and practical solutions.

Brian Bolt, Finance Director, St Helena Hospice

Our insurances are arranged by D E Ford Insurance Brokers. The service we receive is excellent; all members of staff are extremely knowledgeable and highly efficient, as well as being very helpful, polite and cheerful. Any queries are given immediate attention and quickly resolved. We also have the added support of their highly experienced Health & Safety and Risk Management Teams. A very professional service is provided by everyone.

Carol Wilkinson, Sue Ryder

The PIB Risk Management team retain a significant understanding of the hospice sector which provides us with the confidence that our health and safety needs are in capable hands. We know that regardless of what scenarios may arise, whether large or small, PIB Risk Management will respond quickly and efficiently. We would have no doubt in recommending them to any organisation seeking a dedicated risk management service in the future.

The team at D E Ford truly understand the needs of our hospice and are happy to provide us with advice and guidance for all our risk management and health and safety requirements.

D E Ford's considerable experience within the Hospice sector ensures we always receive a quality service. Whether it's concerning our retail or operational sectors, they are always on hand to provide us with expert advice.
